Delivering Collaborative Solutions
that Promote Learning

SubFinder is a fully automated employee absence management and substitute placement system, providing both Internet and telephone access. More than an automated substitute calling system, it's a powerful tool used to streamline workflow, integrate with human resource and payroll systems, and promote a paperless work environment. SubFinder is fully configurable to work the way you want it to – you control its settings, options, and functions to meet your needs. A solid return on your investment, SubFinder will help make the most of every dollar, every day while ***offering peace of mind that the most qualified substitute will be placed in the classroom every time.***
